OBJECTIVE

To work in a team-oriented, virtual, agile organization, utilizing my extensive public sector cloud computing experience as well as my passion for customer service and success to develop and improve cloud and software architectures.

SKILLS

Cloud Computing
- Amazon Web Services – including Compute, Databases, Storage, Security, Networking, and Cost Optimization and Management.

Certifications
- AWS Certified Solutions Architect – Professional.
- AWS Certified Security – Specialty.
- AWS Certified Database – Specialty.

Software Development
- Ruby, Ruby on Rails, Python, Shell, CloudFormation, Terraform, and various other languages and frameworks.

Internal Training and Development
- Hiring and HR manager, internal training facilitator, on-going mentorship of new and experienced employees.

EXPERIENCE

Field Solutions Architect   *Chicago, IL*
CDW Corporation   *November 2023 – present*
- Presales technical ownership of sales engagements for commercial and public sector customers of Amazon Web Services cloud services.
- Defined technical scopes and architectures for new and existing customers to create and migrate on-premises applications and services to Amazon Web Services via CDW delivery teams.

Partner Solutions Architect   *Chicago, IL*
Amazon Web Services, Inc.   *January 2020 – August 2023*
- Ownership of technical engagements and Amazon Web Services trusted advisor for public sector partners, including more than a dozen resellers and distributors and over 18 public sector independent software vendors and system integrators.
- Defined and refined architectures for public sector partners and customers, assisted with partner RFPs, and led technical enablement through regular trainings, meetings, and webinars.

Chief Technology Officer   *Chicago, IL / Los Angeles, CA*
CloudSight, Inc.   *May 2017 – January 2020*
- Fully responsible for Development and Data Science consisting of more than 15 developers and data scientists.
- Implemented changes to CloudSight's cloud environment resulting in reduction in usage and cost by more than 75%.

Senior Infrastructure Engineer   *Chicago, IL / Los Angeles, CA*
CloudSight, Inc.   *July 2016 – May 2017*

Web Developer   *Chicago, IL*
HS2 Solutions, Inc.   *September 2013 – July 2016*

EDUCATION

Indiana University   *Bloomington, IN*
College of Arts and Sciences
- Bachelor of Science with Distinction and Honors in Computer Science, minor in Mathematics.
